

PREMIUM POWER

FSC-power.com

**COMPANY
PROFILE**

WHO WE ARE

Our company is powered by a team with 18 years of collective expertise, driving excellence in everything.

We specialize in designing, assembling, and manufacturing a wide range of power generation products, ensuring quality and reliability in every step.

ABOUT US

At FSC-Power, we are committed to delivering top-notch power solutions. Our products range from 5KVA to 3MVA, and we work with leading brands like Perkins, Cummins, Volvo, and Doosan for engines, and Stamford and Leroy Somer for alternators. We also offer comprehensive after-sales services, including maintenance and service agreements.

PREMIUM POWER

MISSION

To provide reliable and efficient power solutions while ensuring exceptional customer service and support.

VISION

To be the preferred provider of power generation products and services in our industry, known for our commitment to quality and customer satisfaction.

VALUES

 **Integrity:**
We believe in doing the right thing, even when no one is watching.

 **Quality:**
We strive for excellence in every product and service we offer.

 **Customer Focus:**
Our clients are at the heart of everything we do.

 **Innovation:**
We continually seek ways to improve and adapt to meet our clients' needs.

PRODUCTS

At FSC-Power, we create exceptional power generation solutions by combining top-quality engines and alternators. Our products are a perfect blend of reliability and performance, designed to meet diverse energy needs while ensuring efficiency and durability. Each unit is crafted with precision, making our power solutions not just functional, but a true work of art.

Open Diesel Generators

Soundproof Diesel Generators

Light Towers

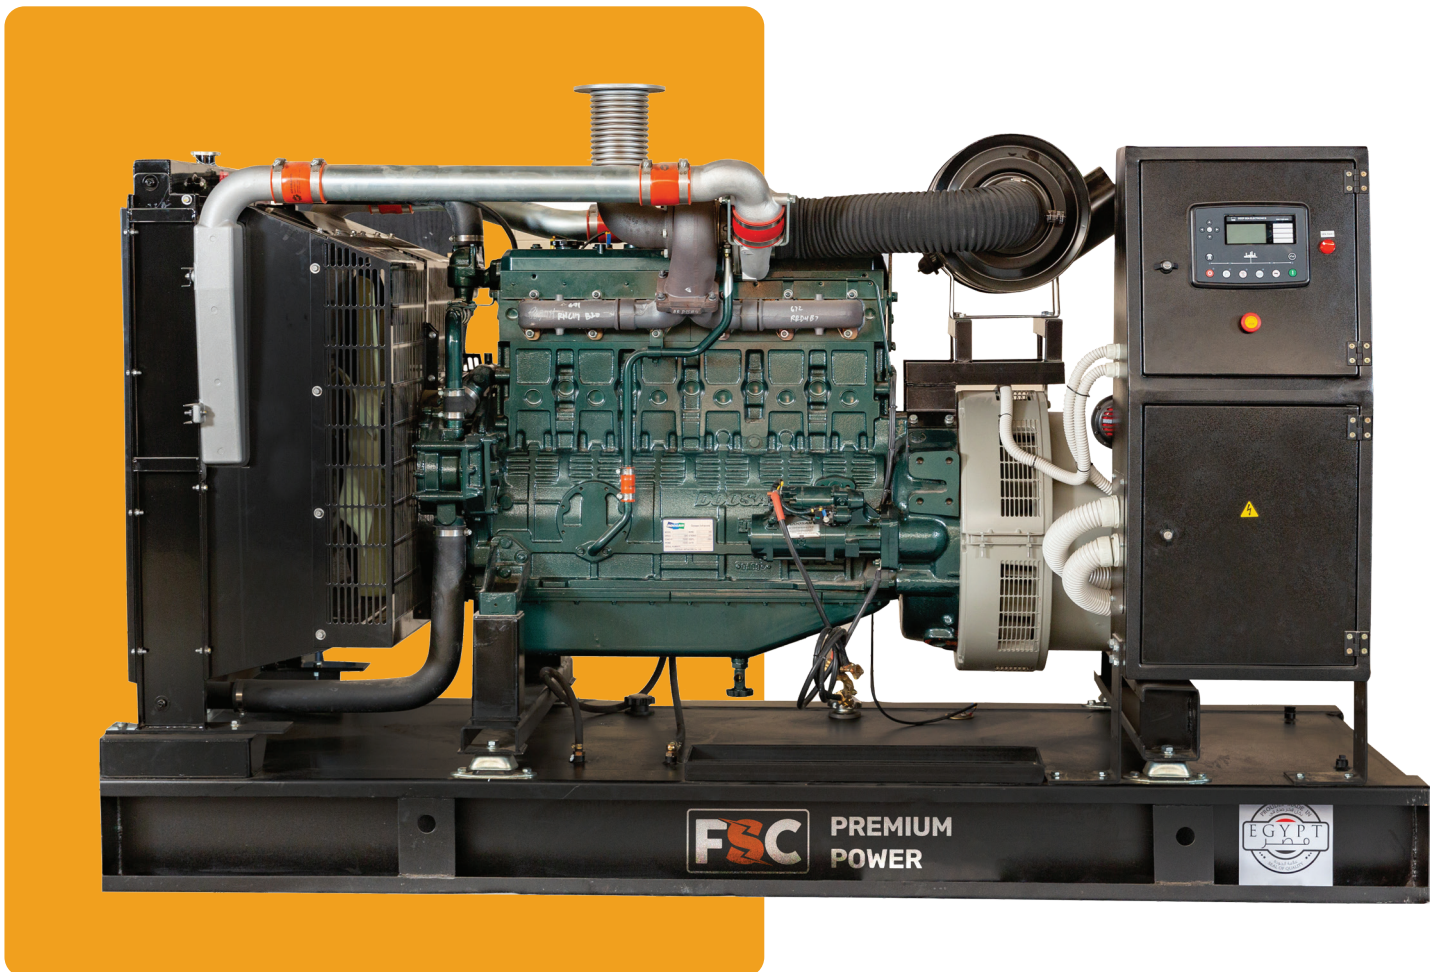

Low Voltage Panels

External Tanks

BRANDS

We take pride in partnering with industry-leading brands to deliver superior power solutions.
